GREAT LOSS TO OUR THREE TOWNS

People throughout the towns of Marion, Mattapoisett and Rochester were saddened by the tragic and untimely death of our Superintendent of Schools, Mr. Gilbert D. Bristol, Jr. This past week, flags in the town flew at half mast and schools were closed Thursday out of respect to his memory.

Mr. Bristol had been directing the progress of our educational system since 1958. He supervised the building of the Old Rochester Regional High School and worked diligently toward coordinating of the educational systems of the three towns into a united program. The detail involved in this work was enormous. Mr. Bristol worked with 4 separate school committees. He bore the responsibility for satisfying the desires and needs of all of the people in three communities. The differences in the ideas of so many people inevitably led to some difference in opinion. Mr. Bristol, as an experienced public administrator, added these human problems to his demanding job and did his best to resolve them. Those who worked with him, who knew him through close association, ad-

mire the dedication of this man.

Certainly the work of Mr. Bristol will stand as his finest tribute. Our three towns can be proud of the Regional High School and of the entire school system as developed under his administration. These firm foundations he has built will enrich the lives of the students for years to come. A man cannot leave a finer legacy to his community than this.

I believe all of us endorse the words of Dr. Benjamin Tilden, chairman of the Old Rochester Regional School Committee. He said, "Mr. Bristol was a truly conscientious and dedicated administrator - a man who gave beyond the call of duty to the work he loved."

OLD ROCHESTER BOOSTER CLUB

The regular meeting of the Old Rochester Booster Club will be held at the Regional School on Wednesday, March 6th, at 8:00 P.M. A report on the basketball game, sponsored by the club, will be made.

In an effort to secure a 16 MM movie camera and projector for the school athletic department, the Boosters Club is asking all its members and others interested in this project, to contribute S & H trading stamps. If every family who has a student at the Regional School would give one stamp book our goal of six hundred books would be realized. Students may deposit their stamp books in a receptacle at the Regional School. Members are asked to bring their stamp books to the club meetings. The coaches and club officers feel that this is a very worthy project deserving of the cooperation and support of everyone.

Dear friends,

This community has learned to expect a high type of funeral service.

We are very sure that you could not tolerate now the best type of service given by the funeral director thirty or forty years ago. Modern methods and modern equipment have replaced the old.

State requirements are now very rigid, and a heavy investment in equipment and organization is necessary.

TOWN MEETING. "Party spirit ran exceedingly high in Rochester at this time..." "The peace and the tranquility of the Town was totally done away and those years were one continual scene of political battles. The Town Meetings were a scene of agression, fraud and contention, and it was painful to any peaceful man to hear a Town Meeting mentioned." (Abraham Holmes Memoirs)

(This was largely due to the violent contention between those in favor of the War with England and those opposed to it. All shipbuilding and shipping interests were bitterly opposed, for they were being ruined financially.)

This violent struggle to get the town meetings held in Mattapoisett instead of Rochester had inflamed feelings and cut a cleavage between the people of these two quarters of

the town. Throughout the fall and winter thoughtful men had realized that something more must be done to solve this problem than continuous fighting over the location of the annual meetings.

So the warrant for the Town Meeting of March 5, 1838, contained an article calling for some kind of considered approach to the problem. After some discussion of the Article 8, as it was referred to for a long time afterwards, the Town voted, "that the town choose agents whose duty it shall be to call a meeting in each quarter of the town. These committees chosen by the different quarters shall confer together and make a report on the subject contained in said 8th article at a town meeting called for that purpose only and expressly."

"The Town then proceeded to the choice of said agents and made choice of Chas. J. Holmes, Esq. (Rochester Center), Wilson Barstow, Esq., (Mattapoisett), Philip Crandon, Esq. (North Rochester), and Capt. Jas. Delano (Sippican)."

It was the report of this committee, compiled after the group meetings in each quarter of the town and presented in May, that produced the first step in the eventual separation of the towns.

ART PROGRAM PRESENTED AT WOMAN'S CLUB

Colored slides of paintings showing "Art From the Cave Man to the Present Day" illustrated a talk by Mr. Francisco Rapoza of South Dartmouth, art instructor at Dartmouth High School, at the meeting of the Mattapoisett Woman's Club last Thursday afternoon in the Congregational Church parish hall.

Mr. Rapoza said the point of his lecture was to show the purpose art has served through the ages. His first slides of paintings done by the cave men went back to 20,000 BC and continued along through Egyptian Art, Greek, Roman, Byzantine, Italian, Dutch, the Impressionist Age, Expressionist Age by French artists, modern paintings and ended with several paintings by
